There's not much that one can say about the Bible that hasn't already been said, but in the case of this specific Bible, i.e., the *24/7: A One Year Chronological Bible*, I can jot down a few original (?) thoughts.

For starters this Bible comes to us in the wonderful New Living Translation, 2nd ed. This is probably my second favorite translation next to the KJV, as regular readers of this blog should know by now.

Secondly, this is a Bible for the undisciplined. What do I mean? Well, for those such as myself, who have problems with regimented reading, this Bible takes all the fuss out of it. A reading for every day of the year is clearly marked out and it leaves no room for excuses such as:

- I lost my reading list.
- I don't feel like turning to the back of the Bible for a reading plan.*
- They didn't pass out reading plan bookmarks this year.
- etc...

Trust me, I've used them all. But what we have here is a daily devotional Bible without all the fluff of some author's devotional drivel. It's straight Bible with some background graphics, no frills.

A third feature to note is the introductory timeline (A15-A18). I've mentioned before that I've often had problems keeping track of varying time periods in the Bible, not the least of which is due to the canonical order not being chronological. These timelines along with the chronological layout of the Bible eliminates this problem.

* I was quite surprised to find a daily reading guide in the back of the Bible (p. 2157-68); it just seems so unnecessary and out of place.

But fourthly, this last feature is also the biggest challenge. It's just weird to read Philippians (Dec. 11) and then turn to James (Dec. 12-13) which is followed by 1 Timothy (Dec. 13-15). It takes some getting used to. For this reason you'd think the *24/7 Bible* isn't suited for quickly looking up those passages that pop into your mind out of nowhere, but it only seems this way. A complete Scripture index in the back of the Bible fixes this problem (2169-88).

All in all I think this is a nice little Bible. I plan on using it daily and I'd recommend it to anyone who's in the market for either a chronological Bible or a daily devotional type Bible. But honestly, if you already have a Bible then you really don't need another.
